The first 2 books in the popular Casino Witch paranormal cozy mystery series.

Ella has discovered that she's a witch. Luckily with new friends and a cranky cat familiar, Ella will not be alone as she contends with her newly discovered paranormal powers and more than a few dead bodies along the way.

Of Murders and Mages: Casino Witch Mysteries 1

Three ways that Ella's life is totally messed up:

1. Her new coworker is as cranky as he is attractive
2. A mischievous cat has decided she needs a familiar
3. She just found out she's a witch who can read the emotional hologram of a magical death (and isn't that a mouthful)

And oh yeah, there's five dead bodies, and no one knows how they are connected. Now she's drawn into a madcap investigation at the casino where she's managed to snag a job. She must navigate learning her new mage abilities, a topless burlesque show, a jealous girlfriend, gamblers of all varieties, and magical chocolate cake, all while not setting herself or others on fire before the murderer makes her the next victim.

Which Mage Moved the Cheese? Casino Witch Mysteries 2

Ella's Super Awesome Guide to Paranormal Cheese:

1. You eat it, but there are weird side effects.

2. The ingredients can be really gross.
3. You don't use it to squash people.

When the ex-president of the Paranormal Cheese Council is found dead under the world's largest wedge of cheese, Ella is on the case! Unable to admit who she really is, she goes undercover. But can she, her klutzy sidekick, and the world's most arrogant familiar escape the Booby-Trapped Queso of Doom, or stop eating the magically addictive beer-cheese fondue without giving things away to the anonymous villain?
