Lastly, in the third play, "Escape from Happiness," Walker dissects the idea of family and the dynamics within it. The play revolves around a dysfunctional family coping with violence, addiction, and the complexities of maintaining relationships amidst chaos. Walker's unflinching portrayal of these issues creates a raw and emotional experience for both the characters and the audience.

The Relevance of the Dead Metaphor

The dead metaphor, as a literary device, plays a significant role throughout these three plays. It serves as a metaphorical representation of ideas or concepts that have lost their original meaning or impact due to overuse and familiarity. Walker cleverly weaves these dead metaphors into the dialogue and situations within his plays, creating a sense of irony and social commentary.

For instance, in "The Bigger Issue," the dead metaphor is employed to depict society's indifference towards the homeless. The phrase "being left out on the street" loses its literal meaning and becomes a dead metaphor, symbolizing the abandonment and disregard the homeless face. This

creative use of language adds depth to the characters and drives home the play's central message.

Similarly, in "Life Without Instruction," Walker utilizes dead metaphors to explore how societal expectations can stifle individuality. The characters struggle with the weight of dead metaphors used to define their roles in society. They question the metaphorical phrases that confine them and strive to break free from the limitations imposed by language itself.

Canada's top playwright sears the page with three new darkly comic plays that denounce political culture, individualism, and the accompanying moral depravity. The title play, Dead Metaphor, examines the collision of a politician's personal and professional lives, complicated by a son's return from Afghanistan. In The Ravine, a mayoral candidate learns that his ex-wife is living in a gully nearby and wants to put a hit on him. The Burden of Self-Awareness has money at the centre of a dramatic conflict of values. Each of the three plays is populated by characters trying to navigate the

increasingly blurred lines of what's right and wrong – trying to always stay informed, alert, and ready to act for the common good. Or just to get even.
