“Alex Green is the uncrowned poet laureate of the last day of Summer and his first book is an absolute stunner—rich with metaphor, confessional honesty, and melancholy narrative. In Green’s sun-battered landscape, it’s always the last day of summer, nothing worked out the way it was supposed to, and the optimistic pop songs in the background play a jangly counterpoint to real life disappointments. In the afterglow, he finds humor, revelation, and that much maligned old measure of poetic meaning: beauty. Green forgoes opaque linguistic ornamentation in favor of coherent narrative, honesty, and lyricism. His gift for sudden and surprising metaphors is unmatched. This is a collection to return to over and over again and one that marks the debut of an important and refreshing poetic voice. *Emergency Anthems* is incredible, my favorite book of poetry of the

last five years. Maybe of any five years.” --Jesse Michaels, author of Whispering Bodies
