History is always a mystery. If anyone wants to know anything from history or any historical character instead of reading what is readily available they should research it. When I was listening to the history of Sahaba (R) I heard about Khawla bint Al Azwar (R) and I started researching about her.

The information we've about Khawlah bint Al Azwar (R) are the only two mentioned in this book. Even though it is very less information we can clearly understand how heroic she was and the role she played in strengthening the soldiers. No wonder why she was mentioned as one of the Commanders of the battle of Yarmouk by Historians.

Read this book to know more about her.
