### **The Sinister Mind Demon: A Manipulative Puppeteer**

Awakening the perception to Demonic entities.

This is a brief article is presented in order to help both the new and advanced practitioners of the Atlantean/Drakonian/Luciferian current to develop the attributes, and certain tips and not widely known topics concerning the work with Demonic Entities.

The material presented here is out of my personal experiences, gnosis and a life dedicated to the practice and study of the occult, considering that I am a Satanist from personal revelation, which means that I was visited by a Demonic Being in a tangible real manifestation at a very early age. Thus, some of the instructions presented here are directly gnosis imparted by the Demons and shared with others, taken from my magical journal for the first time.

The first thing that we must understand is that the multidimensional Universe including this sphere is populated by "inorganic intelligences", Spirits, Gods, Goddess, Angels, Demons, Lwas, Exus, Elementals, Orishas, Ghosts, Protophantasmists... and countless more sentient and powerful beings of various kinds and hierarchies.

In the Luciferian Tradition we usually work with Demons (Witch Gods and Witch Goddesses), The Shades of the Dead ( Infernal Necromancy) and The Yuggothian Alien Gods (Sumerian/Lovecraftian system), each of this system are focused on different perspectives under various protocols and taboo according the Nature of the entity and the traditions around its cult.

We do not work or relate with Angelic Beings, White light Gods or Goddesses, Neither with any Prodemurgic Archetype which may represent the cosmic Demiurge and His archonts/elohims or any being born from the filthiness of the white light, with the purpose of trapping, enslaving and vampyrize the acosmic Black Flames created by Lucifer, which they have bound to shells of clay and spheres of illusions.

In a future presentation I will discuss further about the Origin of the Entities, Of the Demons (conscious sentient beings emanated from the Highest Darkness) and The Angels (architects, watchers, messengers and guardians of the spheres emanated from the "white light") which the Demiurge have deceived and hypnotized to serve his purpose of creation and keeping the material cosmos. But this is not the topic at hand rather an introduction to illustrate, since these matters are only treated by the most advanced students of the occult and the sacred mysteries.

Since most of my personal work has been with Demons, I will use the knowledge about these entities to illustrate in a wide spectrum this topic.

It must be emphatically stated before any advance in the magnus opus, that the Demons are NOT some energy or force created or which exist within human consciousness, either, They are NOT some energies or forces which exist in nature.

In the shadows of the human mind resides the Mind Demon, a malevolent entity with the power to infiltrate thoughts and control actions. This insidious demon preys upon human vulnerabilities, using its perceptive abilities to manipulate characters within The Demon Cycle. Its influence, though subtle, poses a significant threat to the battles against the other demons that plague the world.

Uncover the mind-bending tactics employed by the Mind Demon as it orchestrates chaos and confusion, driving characters to their limits. Explore the psychological warfare faced by our heroes and the relentless struggle to resist the Mind Demon's seductive whispers.

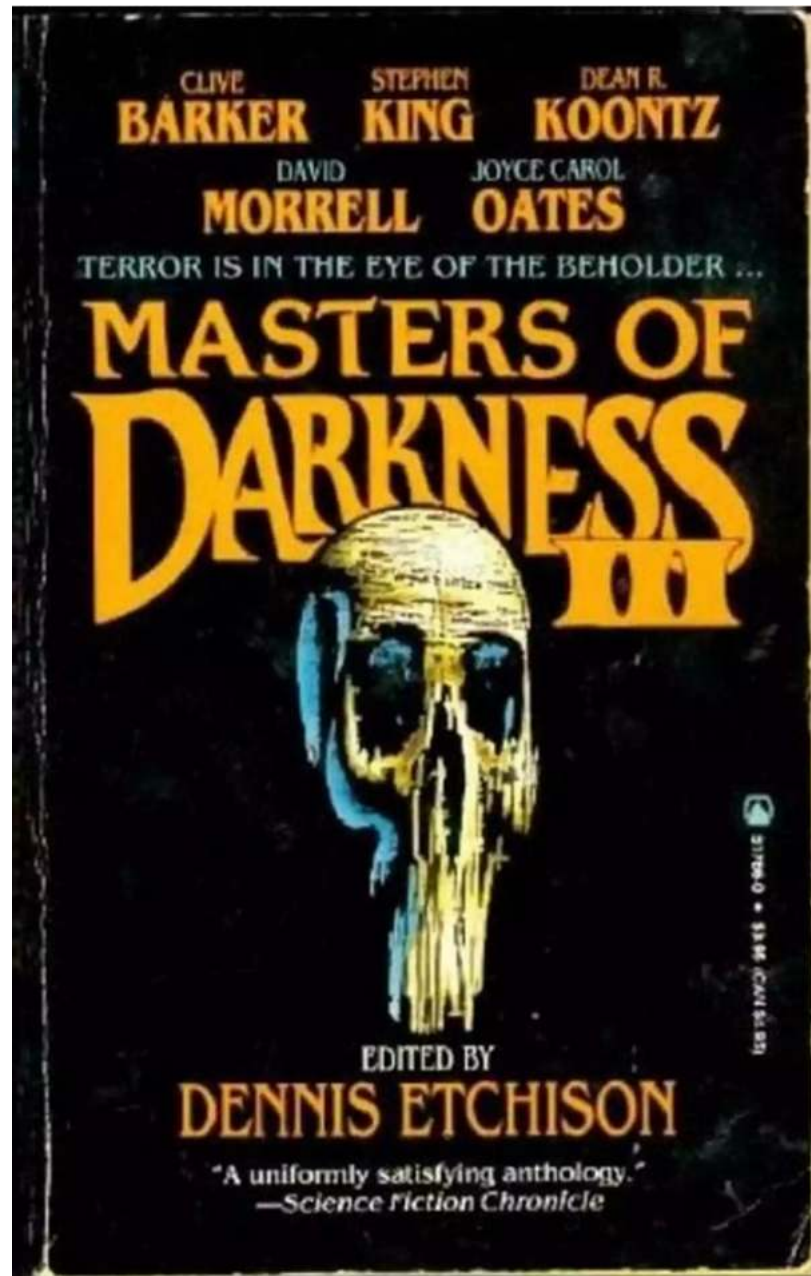

## **The Mysterious Wood Demon: Enigma of the Forest**

Within the depths of ancient forests lurks the Wood Demon, a mystical entity deeply entwined with the natural world. This enigma of the wilderness possesses the power to control flora and fauna, manipulating its surroundings to its advantage. Its presence becomes a formidable obstacle for those brave enough to challenge its supremacy.

Embark on a journey into the heart of the forest and explore the symbiotic nature of the Wood Demon's relationship with the woodlands. Witness the struggles faced by the protagonists in their quest to unveil the secrets of this elusive demon and harness its powers for the greater good.

### **The Elusive Night Demon: Spawn of Shadows**

Concealed under the cloak of darkness, the Night Demon roams the night, striking fear into the hearts of those unfortunate enough to encounter its eerie presence. This elusive demon embodies the horrors that lurk beyond the light, wielding darkness as its weapon of choice. Its ability to manipulate shadows makes it a formidable adversary in the struggle for survival.

Unravel the mysteries surrounding the origins of the elusive Night Demon, its nocturnal exploits, and the efforts made to unveil its weaknesses. NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED

The first three novels in Peter V. Brett’s groundbreaking Demon Cycle series—The Warded Man, The Desert Spear, and The Daylight War—set a new standard for heroic fantasy. The powerful saga of humans winnowed to the brink of extinction by night-stalking demons, and the survivors who fight back, has kept readers breathless as they eagerly turned the pages. Now the thrilling fourth volume, The Skull Throne, raises the stakes as it carries the action in shocking new directions.

The Skull Throne of Krasia stands empty.

Built from the skulls of fallen generals and demon princes, it is a seat of honor and ancient, powerful magic, keeping the demon corelings at bay. From atop the throne, Ahmann Jardir was meant to conquer the known

world, forging its isolated peoples into a unified army to rise up and end the demon war once and for all.

But Arlen Bales, the Warded Man, stood against this course, challenging Jardir to a duel he could not in honor refuse. Rather than risk defeat, Arlen cast them both from a precipice, leaving the world without a savior, and opening a struggle for succession that threatens to tear the Free Cities of Thesa apart.

In the south, Inevera, Jardir's first wife, must find a way to keep their sons from killing one another and plunging their people into civil war as they strive for glory enough to make a claim on the throne.

In the north, Leesha Paper and Rojer Inn struggle to forge an alliance between the duchies of Angiers and Miln against the Krasians before it is too late.

Caught in the crossfire is the duchy of Lakton—rich and unprotected, ripe for conquest.

All the while, the corelings have been growing stronger, and without Arlen and Jardir there may be none strong enough to stop them. Only Renna Bales may know more about the fate of the missing men, but she, too, has disappeared. . . .
