Their sinister appearance is enough to send shivers down anyone's spine. Corelings possess long, clawed limbs that resemble twisted tree branches, with elongated bodies covered in scales that shimmer with an otherworldly luminescence. They have long snouts filled with razor-sharp teeth, capable of decimating their prey in mere seconds. Their presence alone evokes a sense of dread, as their glowing eyes pierce through the darkness, indicating their relentless pursuit.

The Corelings are formidable creatures with vast strength and incredible speed. They can move with unparalleled agility, lunging at their victims with deadly accuracy. Equipped with an insidious intelligence, they are capable of setting traps and outsmarting even the most strategic humans. Their methodical attacks only add to the horror they inflict, preying on the hopelessness that slowly consumes their victims.

### **The Alagai Ka – The Silent Death**

*Peter V. Brett Official Website*

Among the demons that plague The Demon Cycle, the Alagai Ka are perhaps the most feared. These cunning and stealthy creatures strike with such swiftness that their arrival often goes unnoticed until it is too late.

Alagai Ka, also known as Mind Demons, possess an ethereal beauty that conceals their dark intentions. With shimmering translucent wings, they navigate through the night sky soundlessly, like a ghostly apparition gliding on the wind. Their slender serpentine bodies are covered in scales that glisten with a deadly venom. It is through this venom that they claim their victims, paralyzing them, and using their minds as a conduit to feed upon their thoughts and memories.

The Alagai Ka are relentless predators, hunting their prey with lethal precision. Their ability to invade the minds of their victims adds a psychological horror element that is both disturbing and captivating. When they find a human, they wrap their slender bodies around their victims, plunging their fangs into the flesh to inject their paralyzing venom. The victim is then rendered immobile and defenseless, while the Alagai Ka digresses into their minds, feasting upon their darkest secrets.

### **The Rock Demon – Unyielding Brute**

*Peter V. Brett Official Website*

Touted as the most physically imposing and intimidating demons in The Demon Cycle, the Rock Demons tower over everything in their path. With skin made of impenetrable stone, they are nigh indestructible, posing a formidable challenge to those who dare to confront them.

Rock Demons have towering heights, reaching up to twenty feet, and brawny bodies that exude power. Their limbs are thick and muscular, allowing them to execute terrifyingly powerful attacks. Branched horns protrude from their grotesque, flat noses, serving as additional weaponry. These monstrous warriors possess an insatiable desire for destruction and combat, crushing everything that stands in their way.

What sets the Rock Demons apart is their resilience. Even the most skilled fighters find it nearly impossible to harm them, as their skin is impenetrable. Blades barely scratch the surface, while arrows deflect harmlessly, leaving the Rock Demons seemingly invincible. It takes extraordinary measures and immense power to bring them down, making them one of the deadliest adversaries one could encounter in The Demon Cycle.

The Demon Cycle immerses readers in a world teeming with darkness and fear, where demons emerge from the depths of nightmares and test the limits of human resilience. The Corelings, Alagai Ka, and Rock Demons stand as a testament to the sheer horror and creativity contained within this remarkable series. As we journey through The Demon Cycle alongside the vulnerable yet resilient characters, we are reminded of the thin line between light and darkness, where survival often hinges on the strength of one's spirit.

## NEW YORK TIMES BESTSELLER

With *The Warded Man* and *The Desert Spear*, Peter V. Brett surged to the front rank of contemporary fantasy, standing alongside giants in the field such as George R. R. Martin, Robert Jordan, and Terry Brooks. *The Daylight War*, the eagerly anticipated third volume in Brett's internationally bestselling *Demon Cycle*, continues the epic tale of humanity's last stand against an army of demons that rise each night to prey on mankind.

On the night of the new moon, the demons rise in force, seeking the deaths of two men, both of whom have the potential to become the fabled Deliverer, the man prophesied to reunite the scattered remnants of humanity in a final push to destroy the demon corelings once and for all.

Arlen Bales was once an ordinary man, but now he has become something more—the Warded Man, tattooed with eldritch wards so powerful they make him a match for any demon. Arlen denies he is the Deliverer at every turn, but the more he tries to be one with the common folk, the more fervently they believe. Many would follow him, but Arlen's path threatens to lead to a dark place he alone can travel to, and from which there may be no returning.

The only one with hope of keeping Arlen in the world of men, or joining him in his descent into the world of demons, is Renna Tanner, a fierce young

woman in danger of losing herself to the power of demon magic.

Ahmann Jardir has forged the warlike desert tribes of Krasia into a demon-killing army and proclaimed himself Shar'Dama Ka, the Deliverer. He carries ancient weapons—a spear and a crown—that give credence to his claim, and already vast swaths of the green lands bow to his control.

But Jardir did not come to power on his own. His rise was engineered by his First Wife, Inevera, a cunning and powerful priestess whose formidable demon bone magic gives her the ability to glimpse the future. Inevera's motives and past are shrouded in mystery, and even Jardir does not entirely trust her.

Once Arlen and Jardir were as close as brothers. Now they are the bitterest of rivals. As humanity's enemies rise, the only two men capable of defeating them are divided against each other by the most deadly demons of all—those lurking in the human heart.
